

Creating an Adoption Sensitive School

Schools experience unique challenges when working with children who have joined their families through adoption or guardianship. The traumatic events that many of these children experienced create changes in their ability to access learning and to feel safe.

*The Vermont Consortium for Adoption and Guardianship has developed a **FREE** training to support school staff throughout Vermont become more adoption sensitive.*

School staff who participated in this training say:

- ◆ Thank you for an engaging thoughtful presentation.
- ◆ With this information I am now going to change the way I interact with my students.
 - ◆ Good updates on changes in language and reminders of activities.
 - ◆ It was amazing and helpful!

If you are interested in learning more or are ready to schedule a training please contact the Consortium by email at vtadoption@vermont.gov or call the Consortium Coordinator Catherine Harris at 802-241-0901
